

# Company Overview

The **Baap Company** is a socially-driven, rural-powered tech and education startup based in **Paregaon Khurd**, Maharashtra. Founded and led by **Raosaheb Ghuge**, the company blends software development, AI innovation, and grassroots education to build India's next generation of tech talent—right from its villages.

Founded in **2021/2022**, Baap Company operates at the intersection of:

- 🎓 **Education** – Degree & skill development programs (BCA, MCA, AI, Data Science).
- 💻 **Software Development** – Custom CRM, ERP, eCommerce, AI solutions.
- 🌱 **AgriTech Services** – Farmer advisory, digital tools, legal/health support.

**Motto:** *“Software born in villages, built for the world.”*

---

## 2. Vision & Mission
